John Norwood Consulting is the producer of CompositeBuilder, a powerful composite management system designed to help firms efficiently achieve and maintain GIPS® compliance. CompositeBuilder provides rule-governed automation for composite construction and maintenance, comprehensive error checking, outlier analysis, and a one-click export of data required for verification. Built-in reporting will generate annual compliant presentations. Monthly, quarterly, and multi-year reporting options are available with a broad universe of ex-post return and risk analytics, along with a variety of easily customized graphical presentations.

Kreischer Miller is an accounting, tax, and business advisory firm that has been serving clients since 1975. Our experienced professionals proactively identify and solve problems, and reduce risk by addressing issues before they are caught by regulators. We also offer ideas on ways to operate more efficiently and provide insight into how other firms handle issues. Kreischer Miller's Investment Industry Group provides the following services for investment managers, funds, broker-dealers, and investors:

- GIPS compliance
- Operational due diligence
- Compliance and consulting
- Financial statement audits
- Tax strategies

Longs Peak Advisory Services was established to provide members of the investment community with guidance, education, and support relating to GIPS compliance and investment performance measurement, analysis, and reporting. We have extensive experience helping firms become GIPS compliant as well as maintain their compliance with the GIPS standards on an ongoing basis. Our team has worked with hundreds of firms of varying sizes across North America, Europe, the Middle East, and Asia and we understand the unique needs and challenges firms face.

Meradia specializes in strategic advisory and implementation services for the global investment management industry.
